DNA Logistics and Supply Chain

Who are we?

DNA Logistics and Supply Chain are members of many different aspects of transportation. We are comprised of Logistics and Supply Chain Managers, Traffic Managers, Sales Reps, LTL Reps, Shippers, Truckers and Brokers.. But also we have Finance and HR personal, retired logistics professional, Administration and Materials Managers are all represented in our group. With this wide variety of members we always have great conversations about the complete spectrum of logistics and supply chain.

Join Us:

We are looking for anyone who is interested in Logistic and Supply Chain. You do not have to be a logistic professional as everyone is welcome to join us.

- You help develop the profession!
- You develop your own leadership skills.
- You help develop others.
- You encourage logistics and supply education within the group and the community around us.
